

Introducing

ConnectedCare™ Version 2

Cardiology imaging and reporting made simple, saving time and money.

Kardia Health is very excited to introduce our new software release – ConnectedCare™ v2.0.

ConnectedCare v2.0 has many enhancements and improvements specifically requested from our customers. Below are just a few of the more than 150 features and enhancements added to ConnectedCare.

Multi-Modality Support: Imports studies from other modalities such as EKG and nuclear.

PDF exporting: Reports stored as WORD or PDF. PDF's can now be passed to your EMR as HL7 ImageLink.

DICOM server performance: Increased study storage and database speed for faster reporting and retrieval.

HL7 improvements: Enhanced EMR support with TCP/IP access and links to a PDF documents.

Multiple study syncing: Faster display time and viewing allows easier movement between multiple studies.

Print Distribution: Using ConnectedCare v2.0, you can distribute reports to your network printer.

FOR CUSTOMERS WITH CURRENT SUPPORT AGREEMENTS

Upgrade your existing Kardia components to ConnectedCare v2.0 at no charge. Simply contact the Kardia Help Desk to schedule your upgrade.

Call 1-877-4KARDIA

FOR CUSTOMERS WITHOUT CURRENT SUPPORT AGREEMENTS

Upgrade your existing Kardia components to ConnectedCare v2.0 by renewing your Kardia Support Agreement.

Call 1-877-4KARDIA, ext. 706

Upgrade to ConnectedCare On-Line

Special introductory pricing available for a limited time.

Also available to existing Kardia software customers is ConnectedCare On-line. Enjoy all the benefits of your existing Kardia cardiology practice solution through this fast and flexible integrated Internet based service. ConnectedCare On-Line is a specialized web-based application that automates workflow and reporting to save time by letting cardiologists review and complete studies anytime from anywhere and share those studies with other physicians and patients.

Work wherever you are.

ConnectedCare On-line lets cardiologists review diagnostic images, with the same accuracy and tools that you have on the imaging device, from any configured computer with access to the Internet. ConnectedCare replaces videotape, paper and DVDs and connects easily to scheduling and EMR systems.

Integrate both old and new.

ConnectedCare On-Line captures all studies in our secure online data centers so you can compare patient data—old and new. This data storage center also doubles as your HIPAA compliant legal life report and image archive.
